

# BLAIR ATHOLL PRE-PRIMARY SCHOOL

Providing Children with Essential Early Childhood Development

★ education is light ★ thuto ke lesedi ★

At Blair Atholl Pre-Primary School we have seen how our young alumni go on to be top achievers at primary school and later in life because of the educational programme we follow daily.

The professional golfer, Gary Player on his farm, Blair Atholl in 1990, started the Blair Atholl Pre-Primary School. When this property was developed into a housing and golf estate, the school was moved to its present location.

We are a small community school that provides quality education to 125 pre-school learners, between the ages of 3-6 years old. These children are all from previously disadvantaged homes.

The school is situated in the Lanseria area, just North West of Johannesburg. This is a semi-rural area & still fairly far from urban centres.

## All of this is only possible through funding and donations.

Although the school faces many challenges in providing education to the learners of this disadvantaged community, with the on-going support of generous donors, we are committed to making a difference in the lives of these young people and will continue to nurture them in every way possible.

If you would like to assist us in making a difference in these young people's lives, please see the contact details below.

We at Blair Atholl Pre-Primary School focus on providing underprivileged children from the surrounding areas with essential & quality Early Childhood Development as part of our educational programme.

Stimulating, supporting & nurturing children in their first five years assist brain development & provide a strong base for organisation & functioning throughout life. It results in greater academic success & later increases employment rates, improves health & lowers welfare dependence.

Early Childhood Development shapes children's learning skills, intellect, social abilities & emotional intelligence for a successful future.
